love wood & play...

We believe that it's ever more important to bring our children back to a natural playing environment. Tender Leaf Toys has been created by craftsmen and designers using their experience, knowledge and creativity to bring you a beautiful wooden toy range that has brought the energy, emotion and excitement of playing with wooden toys back in to the family.

All our beautiful products have been made with the development of children's skills and the replenishment of rubberwood forests at its heart. Our manufacturing process - drying of the wood, cutting, and painting is all undertaken at our factory all at the same location.

We have been awarded the ICTI seal of approval and strive to maintain ethically high standards throughout our organisation. All of our toy products meet the European, American, Australian and New Zealand standard safety of toys according to EN71, ASTM and AS/NZS ISO.

We look to a time where all businesses regardless of size take social and environmental responsibility in all parts of the supply chain in order to protect our children's future.

Made in Indonesia.

FANTAIL HALL (1)

Fantail Hall is our biggest and most magnificent dolls house.
It has a central gable with the front elevation resulting in 2 small outdoor patio areas on either side of the front door.
A seat, birdbath, Palm tree, pink bush, and potted plant are included.
The central panel opens like our other dolls house, and in addition, both side panels open to allow access into each side.
Each floor is printed with a different pattern to denote the various room functions. For added grandeur, the front doorway leads on to a pretty Edwardian floor tile pattern. Self-assembly required. Dolls and furniture sold separately.
