

WELCOME TO THE OFFBITS WORLD

About Us

Fun for all ages, TheOffBits envisions play as a creative, educational, and cross-generational experience. Our open-source, DIY construction kits equipped with proprietary connectors and standard hardware components. Each kit features a vibrant robot character, figurine, or vehicle with a distinct personality or ability, accompanied by a specialized assembly tool—the SuperTool™ Wrench. Additional parts or materials from your home or office can be upcycled and integrated to add an original twist to your build.

Our Philosophy

The OffBits® is a fresh young toy company from Tel-Aviv. Our mission is to change the way people imagine, play and create!

What's Inside?

- Perfect For Ages 6 & Up
- Perfect For STEAM
- Non-Toxic, Lead-Free Coatings & Paints
- High-Quality Steel & PP Plastic Components
- Endless Possibilities
- Creative Thinking
- Self-Expression
- Refined Motor Skills
- Community and Social Skills
- Quality Time With Parents

Transforming Classrooms into Hubs of Innovation

The OffBits aims to inspire sustainability in the next generation of leaders. We believe that children's playtime can shape how they view and interact with the world as they grow up. That's why we're on a mission to educate children on sustainability through toys designed for creative reuse, promoting a low waste mindset and a brighter, more sustainable future for all.

UPCYCLE

The OffBits toys encourage creativity through the reuse and repurposing of everyday items.

HANDS-ON STEAM ACTIVITIES

Bridge the gap between theory and practice, making abstract ideas both tangible and engaging.

ENVIRONMENT

The use of sustainable materials and standard hardware components in the construction system reflects a commitment to environmental responsibility.

OFFBITS FOR EDUCATORS

Our customizable lesson plans offer an enhanced learning experience for various age groups and skill levels.
